# [borrowmydoggy.com/](http://borrowmydoggy.com/)

The screenshot shows the homepage of [borrowmydoggy.com/](http://borrowmydoggy.com/). At the top, there's a navigation bar with links for "How it works", "Safety and insurance", "Doggypedia", "Get started", and "Sign in". The main header features the text "Share the of dogs" and a subtext: "Connecting dog owners with verified local borrowers for walks, weekends and overnight stays. It's a win win.". Below this are two main sections: "I'm an Owner" and "I'm a Borrower", each with a small icon and a "Get started" button. The "Owner" section includes a note about joining to meet local borrowers who will treat your dog like family. The "Borrower" section includes a note about joining to meet local dogs who need walks, care and company. To the right, there's a large image of a happy yellow Labrador. Further down, there's a section titled "Thousands of dogs" with a note about being trusted by thousands of owners for over 10 years, and a screenshot of the app interface showing several dog photos. There's also a "Safety & support" section with a note about the BorrowMyDoggy Guarantee™ ensuring everyone is verified and insured, accompanied by an illustration of a dog under an umbrella. On the left, there's a "Most love. Best value." section with a note about caring for dogs out of love and keeping membership safe and affordable. To the right of this is another "Get started" button. Below these are three testimonial boxes from users: Rachel (Gloucestershire), Gillian (Aberdeenshire), and Carys (Leicestershire), each with a 5-star rating and a short testimonial. At the bottom, there's a grid of nine smaller images showing various dogs and people interacting with them. A "Sign up for free" button is located at the bottom of this section.

They are already doing very similar thing what we are planning.

Here the design is not so good, but **the idea of structure** - first page is a scroll-down with different sections, each trying to add an additional benefit description to convince the user to sign up.

The section is titled "The BorrowMyDoggy Guarantee™". It starts with a note that BorrowMyDoggy is a win-win for both owners and borrowers. It mentions that borrowers join for a love of dogs and do not charge dog owners. Membership means everybody (and every dog) is kept safe. All members (owners and borrowers) are ID checked. There are three icons with checkmarks: one of a dog, one of a person, and one of a document. Below this is a "Help and guidance" section with a note that the BorrowMyDoggy support team is on hand for manual matching and safety checks. There's an illustration of a woman holding a dog. The next section is "Insurance and 24/7 support", which notes that members enjoy around-the-clock access to veterinary professionals and offer Accident and Third Party Liability Insurance for premium members. There's an illustration of a dog with a heart. The final section is "Build trust", which notes that trust is important and building relationships helps ensure everyone is happy. There's an illustration of a woman holding a dog with a stethoscope.

Amanda was absolutely amazing - what a find! She looked after Cookie so well and seemed to understand her from the get-go! She clearly loves what she does and provided an exceptional service. Cookie will be back!

We were so lucky that Amanda was available to look after our dog, Holly, after our regular sitter had to cancel. Amanda took great care of Holly, who has some health issues and can be quite anxious. She asked all the right questions about her behaviour and preferences, and prioritised getting her comfortable with the other dogs. It's clear that Amanda understands dogs' needs and behaviours really well - she really 'got' Holly. We received lots of updates and photos during our trip, which were all very reassuring. Holly came back to us in good health and happy in herself. Many thanks to Amanda!

We've used Amanda a few times now and would have no hesitation going back. Our male husky always comes home happy, healthy and well cared for.

My senior dog has Cushing disease, so can understand how tricky it can be to look after a dog with needs. We booked her a day before our trip and she was very accomodating. Amanda was an absolute gem with my dog and looked after her for a week whilst we were on holiday. We got updates from her and the three Jack Russells (my dog and her dogs) on WhatsApp. Thank you. If you need your dogs looking after, let me know!!
